

# NO-COST MAMMOGRAMS & PAP TESTS FOR LOUISIANA WOMEN WHO QUALIFY

Cancer is a leading cause of death in women. Regular mammograms and Pap-tests can help find breast and cervical cancer early when it's easier to treat.

## What kind of help can I get through LBCHP?

### Clinical Services:

- Clinical breast exam
- Mammogram
- Pelvic exam\*
- Pap test\*
- Diagnostic tests

### Navigation Services:

- Support
- Help making appointments
- Help getting to your appointments
- Connecting you to translation services
- Making sure you get treated after cancer is found

\*Cervical services are referred to another LBCHP provider location

## Can I get no-cost cancer screenings and navigation support?

Yes - if you meet the following criteria:

### 1. Age:

- Cervical cancer screening (Pap test): 21 to 64.
- Breast cancer screening (mammogram): 40 to 64.
- You can also get help if you're younger than 40 and are having symptoms.

**2. Income:** Your household income must be at or below 250% of the Federal Poverty Level.

### 3. Insurance Status:

- Uninsured - You can get screenings and navigation support.
- Insured - You can get navigation support. If a needed diagnostic service is not covered by your insurance or you can't afford your co-pay/deductible, LBCHP can help.
