

NO-COST MAMMOGRAMS FOR LOUISIANA WOMEN WHO QUALIFY

Cancer is a leading cause of death in women. Regular mammograms can help find breast cancer early when it's easier to treat.

What kind of help can I get through LBCHP?

Clinical Services:

- Clinical breast exam
- Mammogram
- Diagnostic tests

Navigation Services:

- Support
- Help making appointments
- Help getting to your appointments
- Connecting you to translation services
- Making sure you get treated after cancer is found

Can I get no-cost cancer screenings and navigation support?

Yes – if you meet the following criteria:

1. Age:

- Breast cancer screening (mammogram): 40 to 64.
- You can also get help if you're younger than 40 and are having symptoms.

2. Income: Your household income must be at or below 250% of the Federal Poverty Level.

3. Insurance Status:

- Uninsured – You can get screenings and navigation support.
- Insured – You can get navigation support. If a needed diagnostic service is not covered by your insurance or you can't afford your co-pay/deductible, LBCHP can help.

How do I make an appointment?
